

Scoring for floating platform (optional)

Does your invention do all the following? If yes to all, award 30 points.

Floating Independently	
Remained Stationary During Turbulence	
Visual Appearance	

Use the costs you calculated on the other side of this sheet to determine the number of points your invention gets for its manufacturing and carbon cost.

Manufacturing Cost	
Between \$0 - \$4500 = 30 Points Between \$4500 - \$5000 = 20 Points Between \$5000 - \$5500 = 15 Points Between \$5500 - \$6000 = 10 Points Between \$6000 - \$6500 = 6 Points Between \$6500 - \$7000 = 2 Points Between \$7000 - \$7500 = 1 Point More than \$7500 = 0 Point	

Carbon Cost	
Between \$0 - \$4500 = 30 Points Between \$4500 - \$5000 = 20 Points Between \$5000 - \$5500 = 15 Points Between \$5500 - \$6000 = 10 Points Between \$6000 - \$6500 = 6 Points Between \$6500 - \$7000 = 2 Points Between \$7000 - \$7500 = 1 Point More than \$7500 = 0 Point
