Sadie Fowler

HOMETOWN

Otisfield

COLLEGE PLANS

University of Maine
followed by NC State University

ABOUT

Sadie has developed her interest and passion for animal science through her 4-H work. She has earned many recognitions, including outstanding show person, caught and raised a scramble calf and served in several officer roles including club president. Most of all Sadie not only recognizes the value of learning from other 4-H members, but is also a gifted teacher and role model while showing at numerous fairs and clinics. Sadie was chosen to work with the Four-Star Genetics Team at the National Western Stock Show this year. Sadie will be a University of Maine student this fall where she will study animal nutrition with special focus on equine health.
