

Ladder to the Loft

Liz DePoy: I'm going to show you now how we get the hay from up in the hay loft down, and you know, it's important that, you know, the horses have to eat. So we had this ladder built, actually recently, we were using a regular ladder that I had to drag over here, and I found that I just couldn't do it. Um, so this ladder is raised up off the floor for easy cleaning underneath and it also is very substantial, so that I don't have to move anything and all I do is hang on – and climb up the ladder.
