

Storage Box

<https://youtu.be/wK-ugW3gjao>

Liz DePoy: OK, so we just had this box built for the wintertime, it's an insulated box, and it's raised up off of the ground. And it keeps our medicines from freezing - so we don't have to take them down into the basement. There's an outlet in here and we just plugged a simple heater into the outlet to keep it warm. (Music)
