

What Is Maine AgrAbility?

Maine AgrAbility's mission is to work with farmers, and farm workers whose productivity has been impacted by chronic illness or injury. We offer resources and information to help them remain successfully employed.

How Can AgrAbility Help?

We offer practical solutions to help farmers and farm workers work safely and productively. Consultation services include:

- On-site assessment
- Education and training
- Support advocacy
- Community connections
- Safety planning
- Equipment modification ideas
- Connection to business planning

We network with agricultural professionals, employment specialists, and health care providers to connect forest workers and their families with available resources.

Services are available at no charge.

Maine joins over 20 other state AgrAbility projects and works in coordination with the National AgrAbility Project. Funded by the USDA, Maine AgrAbility is a collaborative partnership between **University of Maine Cooperative Extension** and **Alpha One**.
