present:

LABOR SUMMER INSTITUTE

AUGUST 13 & 14, 2025
University of
Maine Orono

What is Labor Summer Institute?

Labor Summer Institute, a project of the Maine AFL-CIO and the Bureau of Labor Education, is a two-day event at the University of Maine that brings union members together to meet each other, learn skills, and build our power.

The Institute is a mix of formal workshops and informal time where we have a chance to get to know one another.

This year's Labor Summer Institute will focus on Shop Stewards past, present, & future and will bring together stewards from across the state. We encourage all unions to send your stewards - and all members - to the 2025 Summer Institute.

We hope that you join us this summer as we work to build the power of the labor movement in Maine and fight to win more changes to improve the lives of union members and working families in Maine.
