11:15	A.M.	MPG LLC – Steve London & Storer DeMerchant (60 Minutes)
Wrap Up		MPG (Credit Appl. – Question/Answer – Open Discussion) “Preparing for 2015 Season”

Jonathan Stevens from Syngenta will cover labeling, best-use guidelines, pests controlled, PPE, REI, rates, and timing for both Syngenta herbicides and fungicides.

Danna Brown from DuPont will review both herbicides and fungicides products from DuPont. The proper use rates, labeling guidelines, pests controlled, and timing for use of these products will be discussed.

Steve Cumming from Bayer will cover labeling, best-use guidelines, pests controlled, PPE, REI, rates, and timing for both Bayer herbicides and fungicides.

Steve London from MPG LLC will review labeling and proper use of products as well as discuss the use of adjuvants to enhance the efficacy of certain pesticides.

Storer Demerchant from MPG LLC will discuss the use of liquid fertilizers and answer any questions the growers might have.

MPG will follow up with an open forum on whatever topics the growers would like to discuss.

We look forward to seeing you!
