JUDGING GUIDELINES FOR
4-H PROJECT RECORDS

1. Completed records must have something written in every section. 4-H members may not use “N/A” in their records. They may use “Does not apply to my project” or something along those lines.

2. Members must exhibit at a fair. Either in an animal show or in the exhibition hall.

3. Quality over Quantity – Does members record(s) show quality? Have they gone beyond minimum involvement in their project(s)?

4. Pins do not have to be awarded should a judge feel that a member has not met the Project Record Guidelines criteria and/or that growth and development of the 4-H member over time is not reflected in their project record(s).

Example: A 4-H member who has been enrolled in the Food & Nutrition project for six years would show growth and development if at that point they had advanced to make yeast breads, and perhaps complete meals rather than just cookies.
