

## Rhubarb Record Sheet

Use this form to record any activities that you perform for your rhubarb plants (like planting, pruning, mulching, fertilizing, harvesting, related purchases, etc.) and anything happening with or to your plants (like storm damage, wildlife damage or the presence of pests such as insects, disease, weeds, etc.). Record keeping is a good way to stay organized and to avoid making possible mistakes with future plantings.

<b>Date</b>	<b>Activity or Occurrence</b>	<b>Comments</b>	<b>Expense (if applicable)</b>
May 16, 2015	Obtained my rhubarb crown(s).	I have the MacDonald variety of rhubarb.	
	I prepared the site and planted my rhubarb.
