

School Garden 101
Session 3: Growing Your Own Seedlings
Homework

I. School Group Assignment (required)

- Complete the “*locating the garden site*” and “*site survey*” worksheets found in the “School Classroom Lesson Materials” section of Session 4 (Planning) in your binder.

II. Individual Assignment Ideas

A. School Classroom Lesson Materials (Resources are in your binder)

Refer to Lesson #3 Bibliography for websites links or information on how to purchase these publications. [Lesson 3 Bibliography.pdf](#)

- Seed Scavenger Hunt
- Seed Starting
- Starting Plants Indoors
- From Seed to Zucchini
- No Tomato Sauce ‘til 1492
- Seedsaving: Preserving the Legacy Planning for Next Year
- Corn Lesson
- Simple Seed Germination Test
- Seed Germination (mason jar)

B. Additional Ideas

- Look at your vegetable purchases/order for a week (for the cafeteria or your household) and answer the following questions:
 - Which of these can grow in Maine?
 - Which vegetables would be directly seeded outdoors?
 - Which plants would you need to start seedlings ahead of time in order to harvest before fall frost?
