ANIMAL HEALTH AND VETERINARY CARE LOG

Name:	Project:

Animal (must do separate sheet for each species of animal):

HEALTH AND VETERINARY RECORD

Your animal depends on you for its basic needs. That means your animal requires regular care. What kind of shots or vaccinations, illnesses, accidents, or other things has your animal had this year? Have you trimmed its hair or fur, nails, or feet? Do you brush its teeth? Do you have to pay for breeding? List all that information here.

You may choose to group this by month. You may add additional pages if necessary.
