SHOWMANSHIP AND FITTING

There will be two divisions: Junior and Senior. An Intermediate Division will be added at the discretion of the 4-H Beef Representative.

Seniors (and Intermediates (if applicable) will start with the Showmanship Class. They will enter the ring with steers that have NOT been fit. Seniors will be judged and placed on showmanship. Once the Judge completes that class the Seniors will have 45 minutes to return to their chutes (in the 4-H designated area) and fit their steer. After 45 minutes they will be called back into the ring for the judging of the Fitting Class. This same process will take place with Intermediates if that division is required.

During the fitting portion of the contest 4-Hers may not be helped by adults, other 4-H members or other individuals.

Showmanship and fitting classes for Juniors have been combined to the respect that as soon as Junior Division is judged on showmanship, they will be judged on fitting. However, trophies and premiums will remain separate.

Ribbons will be awarded to premium winners.

The Bangor State Fair trophies will be awarded to the winners of the 4-H Fitting and Showmanship classes in all divisions.

SHOWMANSHIP CONTEST

The Showmanship Contest differs from other livestock shows in that it is the exhibitor rather than the animal that is being judged. The show is conducted like all others, but there is often more movement in the ring as the judge puts the exhibitors through their paces. Here are some of the points the judge considers:

- The ability of the exhibitor to control his/her animal.
- How well the exhibitor focuses his/her attention on the judge and how quickly he/she responds to the judges' commands.

- The ability of the exhibitor to capitalize on the strengths of his/her animal and draw attention away from any weaknesses.
- How well the exhibitor squares his/her animal; that is, are all four legs placed squarely beneath the steer?
- Aggressive showmanship: A successful show person **makes sure** the judge notices his/her animal in its best light.
- How well an exhibitor shows an unfamiliar animal. A true show person can handle and successfully exhibit even a strange animal.

Becoming a successful show person takes long hours of hard work and practice. For the past few months, these 4-Hers, some of who are showing for the first time, have spent 2-3 hours/day working on their showmanship skills. This has meant walking, grooming and squaring their animals as well as identifying their animals' strong and weak points. These 4-Hers will not become expert show people overnight, but their continued hard work will certainly make them some of the best around.

FITTING CONTEST

The Fitting Contest determines how well the exhibitor has prepared his/her animal for show. The structural quality of the animal is not considered, but rather the animal is judged based on its cleanliness, how well it is groomed and clipped and how well the exhibitor has highlighted the animal's strengths and masked its weaknesses.

Here are a few of the points upon which the judge bases his/her decision:

General cleanliness and coat quality: The animal should be clean, shiny, and free of dandruff. This indicates a lot of washings!!!

Grooming and Clipping: The animal's head and underside should be clipped and smooth. Other areas are clipped according to exhibitor preference. There should be no distinct lines between clipped and non-clipped areas. These areas should be gradually blended together.

Feet: The hooves should be trimmed, sanded smooth, and polished.

Ears: The inner ear should be cleaned and free from wax.

Tail: The tail can be prepared in a variety of ways, including being balled or teased.

How well structural flaws are masked: For example, if the animal has a swayed back, the hair along the back can be made to stand up to give the appearance of a straight top line.

A well-fit animal represents a large time commitment on the part of the 4-Her. From the time the animal is purchased, the stall must be cleaned daily and the animal brushed regularly. Starting in the spring, the animal must be washed 2-3 times a week. In the weeks prior to the fair, the 4-Hers generally wash their animals every other day and begin to clip, trim fit, and work on all the extras necessary to win a 4-H Fitting Contest.

JUDGING OF STEERS PREMIUMS

1st	\$100.00	5th	\$ 60.00
2nd	\$ 90.00	6th	\$ 50.00
3rd	\$ 80.00	7th	\$ 40.00
4th	\$ 70.00	8th	\$ 30.00
	9th and beyond		Ribbon + \$20 premium

Open Educational Display Competition 2024

Judges: Unannounced Team
Registration Required - Read Rules below

One of the primary missions of any agricultural fair is to educate the general public as to the mission and contributions of the family farm in today's world. Agriculture plays a vital role in ensuring the quality of life Americans have come to expect.

The Bangor State Fair is committed to being a leader in raising public awareness of the contributions that farmers make. We want everyone to be aware of the sacrifices, hard work, and the rewards that go hand in hand with preserving a way of life that we as a society cannot afford to lose.

To this end, the fair has instituted a series of premium payments that we hope will encourage you, our exhibitors, to share your wealth of knowledge and experience that is part of your day to day life with the fair going public.

The decision of the judges will be final. Judges are not obligated to award a premium if an entry is deemed to be of insufficient quality and substance.
8. **All displays and demonstrations will be located in an area designated by the livestock superintendent or BSF designee.** To be eligible for a premium, exhibits must be displayed during designated times listed in number 2. 4-H Exhibition Hall and Club Display Rules 2024

Judges: Unannounced Team

Register by July 15, 2024

Drop off on Wednesday July 24, 2024 between 2pm and 7 pm.

Who can exhibit?

Youth (5-18 as of December 31 of the prior year) in the State of Maine who are enrolled in 4-H and are carrying on approved 4-H projects.

Enrolled youth ages 5-8 (Cloverbuds) are encouraged to exhibit, but will not be judged competitively. Cloverbud members will receive a ribbon and gratuity for displaying their work.

What's the difference between a project and an exhibit?

A 4-H project is the general category (see the list of Project Categories/Exhibit Classes) under which a 4-H member's efforts fall. 4-H'ers are expected to keep an annual Project Record for each of their projects to guide and track their progress. 4-H Project Records are based on goals each youth sets for themselves. Exhibiting in the Fair may be a goal or a step to a goal.

Fair exhibits are a way to share with the public what a club or individual has been doing in 4-H.

What makes an exhibit?

An exhibit is a representative sample of a youth or club's current work in 4-H. Adults may guide work and make suggestions, but not contribute materially to completed exhibits.

Club leaders will submit a fair registration sheet that certifies their club members' exhibits represent current approved projects and activities. Club leaders are responsible for ensuring that all computer-generated graphics, documentation, charts, etc. are the work of the member exhibiting, that their members' exhibits are entered in proper categories and meet minimum standards. **Judges may eliminate any exhibits that are categorized incorrectly or are of inferior quality.**

Exhibits must showcase the work of the member exhibiting, not an assemblage of a kit. "Kits" include the prefabrication, assembly, or collection of component parts which materially diminishes the exercise of those skills the 4-H project is designed to teach. Kits may be included as part of a display or exhibit, but cannot be the primary component of the exhibit. Examples may fall in a hobby or collection category: a model train with a landscape or scenery created by the member; a collection of model cars assembled by the 4-H'er. Explanations should be included by the member on the judging card to clarify any use of prefabricated components in the exhibit.

Exhibits are limited to a maximum of ten (10) exhibits per member ages 9 and up. Cloverbud exhibits are limited to the ages of the youth, i.e. a 5-year-old can have 5 exhibits.

A maximum of three exhibits per project will be allowed. For example, a 4-H'er may exhibit corn, cucumbers, and potatoes in the garden category, but not 3 corn varieties. A 4-H'er may exhibit decoupage, ceramics and a seasonal craft in the Arts and Crafts category, but not three seasonal crafts. Please contact 4-H county staff if you need assistance categorizing exhibits. **Exhibits may be disqualified if categorized incorrectly.**

Posters may be no larger than 14"x 22". No baled hay or straw is permitted as part of the display or exhibit. 4-H exhibits must be completed before they enter the Hall.

How should individual exhibits be marked?

Each exhibit must be plainly marked with the state-printed version of the 4-H (or Cloverbud, as appropriate) Exhibit & Judging Card AND a Life Skills Wheel card. Be sure to include the age and number of years in the project on the top portion of the Exhibit & Judging Card. Life Skills Wheel cards should be carefully completed on both sides to give judges an accurate idea of the project's scope and the work involved in creating the exhibit.

How are individual exhibits judged?

The "Danish System" is used to evaluate individual 4-H exhibits. This means:

Judging is based on comparison to a standard, not on comparison to others in the class.

Judges may consider skill level based on age and circumstance, and expect a higher performance from older 4-H'ers, so there is some variance within the standard.

Ribbons and premiums (amounts determined by each fair) are awarded to worthy exhibits on the basis of individual merit.

Purple Ribbon/Judges' Choice: Superior quality, excellent work.

Blue Ribbon: Excellent quality, overall good work, may have room for refinement.

Red Ribbon: Average to above average quality. Shows signs of quality, but some areas need improvement.

White Ribbon: Below average quality. Considerable improvement needed.

What about Club Exhibits?

The purpose of the 4-H Club Exhibit is to show the work and goals of 4-H clubs and/or educate the public about 4-H. Club Exhibits should display the meaning and spirit of 4-H through examples of one or more projects (dairy, photography, gardening, etc.), and use "4-H" in the title. All 4-H and Cloverbud club exhibits must be prepared by members of the club, not parents or leaders, although adults can assist youth as partners in the process. Cloverbud clubs will not be judged competitively, but will receive a rosette and gratuity. The Club Exhibit should show the variety of things the Club has been involved in over the past year. Club Exhibits can be up to 5' tall, up to 6' wide and 4' deep (5' x 6' x 4') and should make use of the full display area. Tables may be available by request.

The Club's name may be a part of the club exhibit (it will be covered during judging)...OR the Club may have a poster with their Club name and county neatly printed on an 8.5-inch by 11-inch sheet of poster paper or other decorative sturdy paper to be placed on the Club Exhibit AFTER it has been judged. Please remember that individual youth names should not be included on the display.

4-H Club Exhibits will be scored as follows:

	Maximum points:
Exhibit theme (Should express ONE idea or message)	10
Exhibit title (Brief catchy title clearly visible: 3-inch/largest lettering of exhibit)	10
Legibility (readable text/typeface from 4 feet away)	10
Color or motion appropriately used	10
Arrangement (Objects in exhibit should be well spaced, sturdy, and balanced)	10
Originality (Was imagination and/or creativity used?)	10
Size of articles on display (Recognizable at a distance of 4 feet)	10
Communicates the purpose of 4-H/the Club to the public	10
Use of exhibit space—does it utilize all the available space (ok to use wall only)	10
The following areas should be included in the exhibit:	
Community Service	5

Field Trips the Club has taken	5
Health & Safety issues	5
Demonstrations	5
Environmental Awareness	5
Media Coverage by Club (4-H newsletter counts)	5
Total possible points:	120

Bonus points (up to 20) for the WOW factor may be used to break a tie. Club Exhibits will be scored and ranked (1st-8th). Premiums are determined by each Fair.

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).

- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/EIN. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Go to www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.
