

Rocky Shore Scavenger Hunt

See if you can find:

1. Something purple
2. A barnacle
3. Something soft
4. Something with a smell that reminds you of the ocean
5. A feather
6. Two sand fleas
7. Something you could eat with supper
8. An animal that uses a trap door to keep wet between low and high tides
9. A wormy piece of driftwood
10. A black rock with a stripe all around
11. Two types of clam shells
12. An animal that feeds on algae
13. A handful of rocks smaller than your pinky thumbnail
14. A clump of seaweed that could be used in ice cream or salad dressing
15. One live organism with it's skeleton on the outside
16. Red, brown and green algae
17. A blue mussel
18. The shell of a sea urchin or sand dollar
19. Two types of rockweed
20. A crab-what kind is it?
21. An animal which feeds on barnacles and mussels
22. One filter feeding animal
23. Something that might be a creature's home
24. A predator-prey relationship
25. Two animals that are related (but could not be brother or sister) and an explanation of how you can tell
26. Five pieces of man-made garbage-including one that will and one that will not decompose
27. One color which captures the sun's energy
28. The most unique example of adaptation you can find
29. An intertidal producer
