Community Adult Interest Finder
Please complete and return this survey to the
UMaine Cooperative Extension, Waldo County 4-H Office.

4-H is a family and community program with caring adults playing an important role in helping youth learn and explore interests as they develop knowledge and skills discovering about who they are, the leaders they are now and the leaders that they are preparing to be in their future.

Caring adults are encouraged to share their hobbies and interests so the best possible program can be developed for kids and teens.

I would like to share a special interest or hobby I have with a small group of youth. (Need suggestions? See below).
