High School

Anticipated University / College/Technical Schools Applying

Please return application with a 500 – 600-word essay by April 1st

Essay must be typed, double-spaced and answer the following prompt:

- Please describe your future career goals and how this scholarship will help you achieve these goals.

To be eligible for this scholarship, applicants must meet the following requirements:

- Applicants must be high school seniors or graduates who reside in Waldo County.
- Applicants must be entering their first or second year of post-secondary education.
- Applicants must be pursuing a career in a field that supports the Cooperative Extension's mission "to help Maine people improve their lives through an educational process that uses research-based knowledge". Examples of eligible fields of study include, but are not limited to agriculture, horticulture, crop science, animal sciences, natural resource conservation, environmental sciences, home economics, nutrition, food systems, preventative health, health education, youth development, and early childhood/youth/adult education.

A single scholarship recipient will be announced by April 15th, with funds awarded following completion of a successful first semester.
